

PRESS RELEASE

ESNATECH DELIVERS UNIFIED COMMUNICATIONS TO THE MEXICAN MARKET PLACE

Esnatech to expand its presence in Mexico by opening up regional sales and support office in Mexico City.

Richmond Hill, Ont., Canada January 07 | Esnatech, a global leader in enterprise unified communication platforms, is pleased to announce the opening of a regional office in Mexico City! The new office is on Av. Insurgentes at Oficina 6-C Col. Nápoles, Del. Benito Juárez México. As a measure of Esnatech's commitment to unified communications and the Mexican market, they are announcing the creation of a new local Office of Esnatech reporting directly to corporate headquarters in Toronto Canada. The Esnatech office in Mexico is now opened and ready to support Mexican organization's requirements for Unified Communications and Real time communication solutions

Esnatech has achieved a large reseller base within Mexico that service a variety of telecommunication equipment such as Nortel, Avaya, 3com, and Cisco. The Esnatech office will work with regional distributors to help sell market and support Unified Communication technology for mid to large size enterprises.

If you would like further information on Esnatech's business in Mexico and the services they provide, please contact: **Mauricio Roa, Regional Manager**, Latin America at 56820390 or email mauricio@esna.com

Esnatech Service Offerings Include:

- Full portfolio of Unified Communication solutions for small to large enterprises integrated to a variety of telecommunication equipment
- Custom IVR development to meet local and specific customer requirements for communication automation
- Installation and deployment services to help properly configure and deploy communication technology within a growing enterprise

Esna Technologies Inc.

“Opening up this office goes further to demonstrate our commitment to the industry and the Mexican marketplace,” Mauricio Roa, Regional Manager Latin America, “We have seen tremendous growth through Mexico in the past two years and the establishment of local presence for sales and support will only further our success in the Mexican market place and help us expand further south into other Latin American countries and regions.”

Esnatech’s Unified Communications platform Telephony Office-LinX is already tightly integrated with Microsoft Windows®, Exchange®, Office, Terminal Services and Outlook®. It can be administered directly from an organization’s Microsoft Management Console or through Terminal Services over the web. Users can be managed through Active Directory and Group Policy.

About Esnatech - Founded in 1989, Esnatech’s mission is to provide communication solutions that are simply the best way to communicate! Esnatech solutions empower organizations by giving them the flexibility to conduct business at any time, from anywhere, so they can manage the information they need, when they need it. Esnatech markets and distributes their products through OEM and VAR partners in 28 countries worldwide.
